

Newsletter - July 2023

Dear Investigators,

On behalf of the CASSES coordinating team, we would like to inform you about the current status of the CASSES trial. At the end of May 2023, we received ethical approval in Belgium and the Netherlands.

During the ESOC conference in Munchen 2023, Louise Maes and Theodora van Elk presented the CASSES poster. The first investigator meeting in Munchen was also a success, with lively discussions about the trial protocol and valuable input from the attendees.

In the meantime, the eCRF in Castor was build in close cooperation Jasper Daems from WP10, meticulously tested and now live!

ISO far, site initiation visits were performed for 5 centers in Belgium and in 2 centers in the Netherlands. In the next months several centers will be initiated.

On July 5th 2023, directly after the site initiation in UMC Groningen, the first patient was included!

On July the 15th 2023, the second patient was included in UMC Groningen.

On behalf of the CASSES coordinating team, we wish you all a pleasant summer holiday.

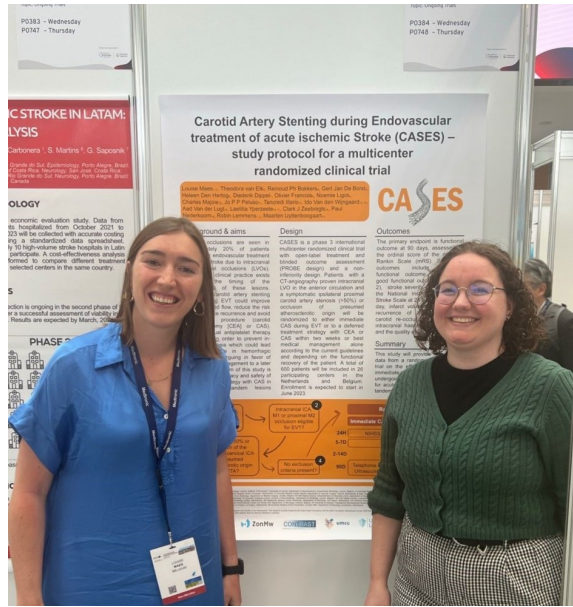

Site initiations:

- Leuven 2/6/2023
- AZ Groeninge Kortrijk 16/6/2023
- CHC Liege 21/6/2023
- AZ Sint-Jan Brugge 4/7/2023
- UMC Groningen 5/7/2023
- Amsterdam UMC 12/7/2023
- ULB Erasme 14/7/2023
- UCL Saint-Luc 26/7/2023
- Haaglanden MC 19/9/2023
- UZ Antwerpen 21/9/2023

The first 2 patients have been included in UMC Groningen!

ESOC 24-26th May 2023

The people at ESOC have seen it.
At ESOC our poster for the CASSES trial was presented!

Documents such as the study protocol, information letters/informed consent forms and paper CRF worksheets can be found on the CASES website: www.cases-trial.eu/
 If you have any questions don't hesitate to contact us via cases-trial@umcg.nl or +31 6 5272 4593.
